

Bratton Primary School

Child-on-Child Abuse Policy September 2023

Safeguarding Statement

At Bratton Primary School we respect and value all children and are committed to providing a caring, friendly and safe environment for all our pupils so they can learn, in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by, or invited to deliver services at Bratton Primary School. We recognise our responsibility to safeguard all who access school and promote the welfare of all our pupils by protecting them from physical, sexual and emotional abuse, neglect and bullying.

Introduction

Our school, Bratton Primary, recognises that children are vulnerable to and capable of abusing their peers. We take such abuse as seriously as abuse perpetrated by an adult. This includes verbal as well as physical abuse. Child on child abuse will not be tolerated or passed off as part of “banter” or “growing up”.

We are committed to a whole school approach to ensure the prevention, early identification and appropriate management of child on child abuse within our school and beyond.

In cases where child on child abuse is identified we will follow our child protection procedures, taking a contextual approach to support all children and young people who have been affected by the situation.

We recognise that child on child abuse can manifest itself in many ways such as:

- Child Sexual Exploitation
- Sexting or youth produced digital imagery
- Upskirting
- Bullying
- Radicalisation
- Abuse in intimate relationships
- Children who display sexually harmful behaviour
- Gang association and serious violence (County Lines)
- Technology can be used for bullying and other abusive behaviour

Some of these behaviours will need to be handled with reference to other policies in school such as the positive behaviour policy, anti-bullying policy, safeguarding and child protection policy and online safety policy.

This policy concentrates on child on child abuse in the context of sexual harassment and sexual violence. It is compliant with the statutory guidance on child-on-child abuse as set out in Keeping Children Safe in Education (September 2023) and should be read in conjunction with the Local Safeguarding Children Board's (LSCB) Safeguarding Policy and Procedures, and any relevant Practice Guidance issued by it.

Policy Development

The policy has been developed using the Wiltshire Safeguarding Children Partnership Model Policy.

Aims

The policy will:-

- Set out our strategies for preventing, identifying and managing child on child abuse
- Take a contextual approach to safeguarding all children and young people involved.

Acknowledging that children who have allegedly abused their peers or displayed harmful sexual behaviour are themselves vulnerable and may have been abused by peer, parents or adults in the community

Understanding Child on Child Abuse

Sexual violence and sexual harassment can occur between two children of any age and sex or a group of children sexually assaulting or sexually harassing a single child or group of children.

The impact of this behaviour on children can be very distressing and have an impact on academic achievement and emotional health and wellbeing.

Sexual harassment and sexual violence may also occur online and offline.

The Context

All behaviour takes place on a spectrum. Understanding where a child's behaviour falls on a Spectrum is essential to being able to respond appropriately to it. In this policy we recognise the importance of distinguishing between problematic and abusive sexual behaviour (Harmful sexual Behaviour HSB).

We are adopting the NSPCC definition of HSB as:-

"Sexual behaviours expressed by children...that are developmentally inappropriate, may be harmful towards self or others, or be abusive towards another child...or adult."

Also useful is Simon Hackett's continuum model to demonstrate the range of sexual behaviours. (Appendix 1 and the Brook Traffic lights (appendix 2)

Vulnerable Groups

We recognise that all children can be at risk however we acknowledge that some groups are more vulnerable. This can include: experience of abuse within their family; living with domestic violence young people in care; children who go missing; children with additional needs (SEN and/or disabilities). Children who identify or are perceived as LGBT, race, religion (protected characteristics) under the Equalities Act 2010.

We recognise that both boys and girls experience child on child abuse but they do so in gendered ways. Whilst research tells us girls are more frequently identified as being abused by their peers and girls are more likely to experience unwanted sexual touching in schools this is not confined to girls. Boys are less likely to report intimate relationship abuse and may display other behaviour such as antisocial behaviour. Boys report high levels of victimisation in areas where they are affected by gangs. We recognise that both boys and girls experience child on child abuse, but they do so in gendered ways.

All staff should be aware of indicators, which may signal that children are at risk from, or are involved with serious violent crime. These may include increased absence from school, a change in friendships or relationships with older individuals or groups, a significant decline in performance, signs of self-harm or a significant change in wellbeing, or signs of assault or unexplained injuries. Unexplained gifts or new possessions could also indicate that children have been approached by, or are involved with, individuals associated with criminal networks or gangs.

Responding to Alleged Incidents, Responding to reports of sexual violence and sexual harassment

All staff will be made aware of the reporting form and will be supported to complete it. This will be the NSPCC template. (see appendix) The DSL (designated safeguarding lead) will be informed as soon as possible. All reports of child on child abuse will be recorded on a case by case basis. The designated safeguarding lead or their deputy will take the leading role using their professional judgement and will be supported by other agencies such as social care or the police as required.

The immediate response to a report

- The school will take all reports seriously and will reassure the victim that and that they will be supported and kept safe.
- All staff will be supported to complete a report alongside DSL's.
- Staff will not promise confidentiality as the concern will need to be shared further (for example, with the designated lead or social care) staff will however only share the report with those people who are necessary to progress it.
- A written report will be made as soon after the interview as possible recording the facts as presented by the child. These may be used as part of a statutory assessment if the case is escalated later.
- Where the report includes an online element the school will follow advice on searching, screening and confiscation. The staff will not view or forward images unless unavoidable and only if another member of staff (preferably the DSL) is present.

Risk Assessment (NSPCC feedback)

When there has been a report of sexual violence, the designated safeguarding lead (or a deputy) will make an immediate risk and needs assessment. Where there has been a report of sexual harassment, the need for a risk assessment will be considered on a case-by-case basis. The risk and needs assessment will consider:

- The victim, especially their protection and support;
- The alleged perpetrator; and
- All the other children (and, if appropriate, adult students and staff) at the school, especially any actions that are appropriate to protect them;

Risk assessments will be recorded using the NSPCC template, these will then be added to the safeguard system and be kept under review.

The designated safeguarding lead (or a deputy) will ensure they are engaging with MASH.

Action following a report of sexual violence and/or sexual harassment

Following an incident we will consider

- The wishes of the victim in terms of how they want to proceed. This is especially important in the context of sexual violence and sexual harassment;
- The nature of the alleged incident(s), including: whether a crime may have been committed and consideration of harmful sexual behaviour;
- The ages of the children involved;
- The developmental stages of the children involved;
- Any power imbalance between the children. For example, is the alleged perpetrator significantly older, more mature or more confident? Does the victim have a disability or learning difficulty?
- If the alleged incident is a one-off or a sustained pattern of abuse;
- Are there ongoing risks to the victim, other children, adult students or school staff; and other related issues and wider context?

Follow up Actions

Children sharing a classroom:

Whilst the school establishes the facts of the case and starts the process of liaising with children's social care and the police:

- The perpetrator will be removed from any classes they share with the victim.
- The school will consider how best to keep the victim and alleged perpetrator a reasonable distance apart on school premises and on transport to and from the school.

These actions are in the best interests of both children and should not be perceived to be a judgment on the guilt of the alleged perpetrator.

Options to manage the report – Options to manage internally

1. In some cases of sexual harassment, for example, one-off incidents, we may decide that the children concerned are not in need of early help or statutory intervention and that it would be appropriate to handle the incident internally, perhaps through utilising the behaviour and bullying policies and by providing pastoral support.

This decision will be made based on the principle that sexual violence and sexual harassment is never acceptable and will not be tolerated. All decisions, and discussions around making these decisions will be recorded and stored by the DSLs on the safeguard system.

2. In line with 1 above, we may decide that the children involved do not require statutory interventions, but may benefit from early help. Early help means providing support as soon as a problem emerges, at any point in a child's life. Providing early help is more effective in promoting the welfare of children than reacting later. Early help can be particularly useful to address non-violent harmful sexual behaviour and may prevent escalation of sexual violence.

3. Where a child has been harmed, is at risk of harm, or is in immediate danger, we will make a referral to the MASH following locally agreed protocols.

Where statutory assessments are appropriate, the designated safeguarding lead or a deputy will be working alongside, and cooperating with, the relevant lead social worker.

Collaborative working will help ensure the best possible package of coordinated support is implemented for the victim and, where appropriate, the alleged perpetrator and any other children that require support.

Reporting to the police

Any report to the police will generally be made through the MASH as above. The designated safeguarding lead (and their deputies) will follow local process for referrals.

Where a report of rape, assault by penetration or sexual assault is made, the starting point will be passed on to the police. Whilst the age of criminal responsibility is ten, if the alleged perpetrator is under ten, the starting principle of reporting to the police remains. The police will take a welfare, rather than a criminal justice, approach.

Where a report has been made to the police or the school, the school will consult with the police and agree what information can be disclosed to staff and others. In particular, the alleged perpetrator and their parents or carers. They will also discuss the best way to protect the victim and their anonymity.

Where there is a criminal investigation the school will work closely with the relevant agencies to support all children involved (especially potential witnesses). Where required, advice from the police will be sought in order to help us.

Whilst protecting children and/or taking any disciplinary measures against the alleged perpetrator, the school will work closely with the police (and other agencies as required), to ensure any actions the school takes does not jeopardise the police investigation.

The end of the criminal process

If a child is convicted or receives a caution for a sexual offence, the school will update its risk assessment and ensure relevant protections are in place for all children. The school will consider any suitable action in light of its behaviour policy. If the perpetrator remains in school the school will be very clear as to our expectations regarding the perpetrator now they have been convicted or cautioned. This could include expectations

regarding their behaviour and any restrictions we think are reasonable and proportionate with regard to the perpetrator's timetable. Any conviction (even with legal anonymity reporting restrictions) is potentially going to generate interest among other pupils or students in the school. We will ensure all children involved are protected, especially from any bullying or harassment (including online).

Where cases are classified as "no further action" (NFA'd) by the police or Crown Prosecution Service, or where there is a not guilty verdict, we will continue to offer support to the victim and the alleged perpetrator for as long as is necessary. A not guilty verdict or a decision not to progress with their case will likely be traumatic for the victim. The fact that an allegation cannot be substantiated does not necessarily mean that it was unfounded. We will continue to support all parties in this instance.

Support for Children effected by sexual assault

Support for victims of sexual assault is available from a variety of agencies (see Appendix 3).

We will support the victim of sexual assault to remain in school but if they are unable to do so we will enable them to continue their education elsewhere. This decision will be made only at the request of the child and their family. If they are moved we will ensure the new school is aware of the ongoing support they may need. The DSL will support this move.

Where there is a criminal investigation the alleged perpetrator will be removed from any shared classes with the victim and we will also consider how best to keep them a reasonable distance apart on the school premises. This is in the best interest of the children concerned and should not be perceived to be a judgement of guilt before any legal proceedings. We will work closely with the police.

Where a criminal investigation into a rape or assault by penetration leads to a conviction or caution, we may take suitable action, if we have not already done so. In all but the most exceptional of circumstances, the rape or assault is likely to constitute a serious breach of discipline and lead to the view that allowing the perpetrator to remain in the same school would seriously harm the education or welfare of the victim (and potentially other pupils or students).

Where a criminal investigation into sexual assault leads to a conviction or caution, we may, if it has not already, consider any suitable sanctions in light of their behaviour policy, including consideration of permanent exclusion. Where the perpetrator is going to remain at the school, the principle would be to continue keeping the victim and perpetrator in separate classes and continue to consider the most appropriate way to manage potential contact on school premises. The nature of the conviction or caution and wishes of the victim will be especially important in determining how to proceed in such cases.

Reports of sexual assault and sexual harassment will, in some cases, not lead to a report to the police (for a variety of reasons). In some cases, rape, assault by penetration, sexual assault or sexual harassment are reported to the police and the case is not progressed or are reported to the police and ultimately result in a not guilty verdict. None of this means the offence did not happen or that the victim lied. The process will have affected both victim and alleged perpetrator. Appropriate support will be provided to both as required and consideration given to sharing classes and potential contact as required on a case-by-case basis. All of the above should be considered with the needs and wishes of the victim at the heart of the process (supported by parents and carers as required). Any arrangements should be kept under review.

Physical Abuse

While a clear focus of child on child abuse is around sexual abuse and harassment, physical assaults and initiation violence and rituals from pupils to pupils can also be abusive.

These are equally not tolerated and, if it is believed that a crime has been committed, these will be reported to the police. The principles from the anti-bullying policy will be applied in these cases, with recognition that any police investigation will need to take priority.

When dealing with other alleged behaviour which involves reports of, for example, emotional and/or physical abuse, staff can draw on aspects of Hackett's continuum (Appendix 1) to assess where the alleged behaviour falls on a spectrum and to decide how to respond. This could include, for example, whether it:

- is socially acceptable
- involves a single incident or has occurred over a period of time
- is socially acceptable within the peer group
- is problematic and concerning
- involves any overt elements of victimisation or discrimination e.g. related to race, gender, sexual orientation, physical, emotional, or intellectual vulnerability
- involves an element of coercion or pre-planning
- involves a power imbalance between the child/children allegedly responsible for the behaviour
- involves a misuse of power

Online Behaviour

Many forms of child on child abuse have an element of online behaviour including behaviours such as cyberbullying and sexting.

Policies and procedures concerning this type of behaviour can be found in the schools child protection and anti-bullying policies.

Prevention

Bratton Primary School actively seeks to raise awareness of and prevent all forms of child-on-child abuse by:

- Educating all Governors, Senior Leadership Team, staff and volunteers, [pupils/students], and parents about this issue. This will include training all Governors, Senior Leadership Team, staff and volunteers on the nature, prevalence and effect of child-on-child abuse, and how to prevent, identify and respond to it. This includes
 - (a) Contextual Safeguarding;
 - (b) The identification and classification of specific behaviours; and
- The importance of taking seriously all forms of child-on-child abuse (no matter how low level they may appear) and ensuring that no form of peer-on-peer abuse is ever dismissed as horseplay or teasing.
- Educating children about the nature and prevalence of child-on-child abuse via PSHE and the wider curriculum.
- Pupils are frequently told what to do if they witness or experience such abuse, the effect that it can have on those who experience it and the possible reasons for it, including vulnerability of those who inflict such abuse.
- They are regularly informed about the School's approach to such issues, including its zero tolerance policy towards all forms of child-on-child abuse.
- Engaging parents on this issue by:
 - (a) Talking about it with parents, both in groups and one to one;
 - (b) Asking parents what they perceive to be the risks facing their child and how they would like to see the School address those risks;
 - (c) Involving parents in the review of School policies and lesson plans; and
 - (d) Encouraging parents to hold the School to account on this issue.
- Ensuring that all child-on-child abuse issues are fed back to the School's safeguarding leads so that they can spot and address any concerning trends and identify pupils who may be in need of additional support.
- Challenging the attitudes that underlie such abuse (both inside and outside the classroom);
- Working with Governors, Senior Leadership Team, all staff and volunteers, pupils and parents to address equality issues, to promote positive values, and to encourage a culture of tolerance and respect amongst all members of the School community;

- Creating conditions in which our pupils can aspire to and realise safe and healthy relationships;
- Creating a culture in which our pupils feel able to share their concerns openly, in a non-judgmental environment, and have them listened to; and
- Responding to cases of child-on-child abuse promptly and appropriately.

Multi-agency working

The School actively engages with its local partners in relation to child-on-child abuse, and works closely with, Wiltshire Safeguarding Children Partnership, Wiltshire Multi-Agency Safeguarding Hub (MASH), children's social care, and/or other relevant agencies, and other schools.

The relationships the School has built with these partners are essential to ensuring that the School is able to prevent, identify early and appropriately handle cases of child-on-child abuse. They help the School

- (a) To develop a good awareness and understanding of the different referral pathways that operate in its local area, as well as the preventative and support services which exist;
- (b) To ensure that our pupils can access the range of services and support they need quickly;
- (c) To support and help inform our local community's response to child-on-child abuse;
- (d) To increase our awareness and understanding of any concerning trends and emerging risks in our local area to enable us to take preventative action to minimise the risk of these being experienced by our pupils.

The School actively refers concerns/allegations of child-on-child abuse where necessary to Wiltshire MASH, children's social care, and/or other relevant agencies.

Children resident out of county but attending a Wiltshire school will be reported to their home MASH or equivalent Social Care

In cases involving children who are subject to risk, harm and abuse and who have LAC status, the children's social worker must be informed and a coordinated approach to address any incidents or concerns will be required.

Appendix 1:

<https://www.nspcc.org.uk/globalassets/documents/publications/harmful-sexual-behaviourframework.pdf>

Simon Hackett (2010) has proposed a continuum model to demonstrate the range of sexual behaviours presented by children and young people, from those that are normal, to those that are highly deviant:

| Normal | Inappropriate | Problematic | Abusive | Violent |
|--------------------------------|--|--|--|--|
| Developmentally expected | <ul style="list-style-type: none"> • Single instances of inappropriate sexual behaviour | <ul style="list-style-type: none"> • Problematic and concerning behaviours | <ul style="list-style-type: none"> • Victimising intent or outcome | <ul style="list-style-type: none"> • Physically violent sexual abuse |
| Socially acceptable | <ul style="list-style-type: none"> • Socially acceptable behaviour within peer group | <ul style="list-style-type: none"> • Developmentally unusual and socially unexpected | <ul style="list-style-type: none"> • Includes misuse of power | <ul style="list-style-type: none"> • Highly intrusive |
| Consensual, mutual, reciprocal | <ul style="list-style-type: none"> • Context for behaviour may be inappropriate | <ul style="list-style-type: none"> • No overt elements of victimisation | <ul style="list-style-type: none"> • Coercion and force to ensure victim compliance | <ul style="list-style-type: none"> • Instrumental violence which is physiologically and/or sexually arousing to the perpetrator |
| Shared decision making | <ul style="list-style-type: none"> • Generally consensual and reciprocal | <ul style="list-style-type: none"> • Consent issues may be unclear • May lack reciprocity or equal power • May include levels of compulsivity | <ul style="list-style-type: none"> • Intrusive • Informed consent lacking, or not able to be freely given by victim • May include elements of expressive violence | <ul style="list-style-type: none"> • Sadism |

Appendix 2 – Brook Sexual Behaviours Traffic Light Tool

Behaviours: age 0 to 5

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

| | | |
|--|--|---|
| <p>What is a green behaviour?</p> <p>Green behaviours reflect safe and healthy sexual development. They are displayed between children or young people of similar age or developmental ability. They are reflective of natural curiosity, experimentation, consensual activities and positive choices</p> | <p>What is an amber behaviour?</p> <p>Amber behaviours have the potential to be outside of safe and healthy behaviour. They may be of potential concern due to age, or developmental differences. A potential concern due to activity type, frequency, duration or context in which they occur.</p> | <p>What is a red behaviour?</p> <p>Red behaviours are outside of safe and healthy behaviour. They may be excessive, secretive, compulsive, coercive, degrading or threatening and involving significant age, developmental, or power differences. They may pose a concern due to the activity type, frequency, duration or the context in which they occur</p> |
| <p>What can you do?</p> <p>Green behaviours provide opportunities to give positive feedback and additional information.</p> | <p>What can you do?</p> <p>Amber behaviours signal the need to take notice and gather information to assess the appropriate action.</p> | <p>What can you do?</p> <p>Red behaviours indicate a need for immediate intervention and action.</p> |
| <p>Green behaviours</p> <ul style="list-style-type: none"> • holding or playing with own genitals • attempting to touch or curiosity about other children's genitals • attempting to touch or curiosity about breasts, bottoms or genitals of adults | <p>Amber behaviours</p> <ul style="list-style-type: none"> • preoccupation with adult sexual behaviour • pulling other children's pants down/skirts up/trousers down against their will • talking about sex using adult slang • preoccupation with touching the genitals of | <p>Red behaviours</p> <ul style="list-style-type: none"> • persistently touching the genitals of other children • persistent attempts to touch the genitals of adults • simulation of sexual activity in play • sexual behaviour |

| | | |
|---|--|--|
| <ul style="list-style-type: none"> • games e.g. mummies and daddies, doctors and nurses • enjoying nakedness • interest in body parts and what they do • curiosity about the differences between boys and girls | <p>other people</p> <ul style="list-style-type: none"> • following others into toilets or changing rooms to look at them or touch them • talking about sexual activities seen on TV/online | <p>between young children involving penetration with objects</p> <ul style="list-style-type: none"> • forcing other children to engage in sexual play |
|---|--|--|

Behaviours: age 5 to 9 and 9 to 13

All green, amber and red behaviours require some form of attention and response. It is the level of intervention that will vary.

Appendix 3

Support for Young People: Local and National

Wiltshire Children and Young People's Independent Sexual Violence Advisors (ChiIVAs) provided by IMARA provide emotional and practical support for victims of sexual violence. They are based within the specialist sexual violence sector and will help the victim understand what their options are and how the criminal justice process works if they have reported or are considering reporting to the police.

ChiSVAs will work in partnership with schools and colleges to ensure the best possible outcomes for the victim. www.imara.org.uk/about-us/chisva-service
