

# Leopards Homework Grid

## Term 1

### Key Question: What if the Mayans never existed?

These are optional activities but we hope you try 1 or 2 this term. Please bring in or practise for the **WC 16<sup>th</sup> October**

#### Talk to an adult

Would you have liked to have lived during the Ancient Maya Civilisation? Why/why not? Towards the end of our topic, discuss this at home using research we carry out each week. Try to use facts to justify your reasons.

#### Maths

The Mayans used a base 20 number system. Use the Maya number system to write multiplication questions for your family members to answer.

#### Research

Research two different things that were invented by the Maya. Use your research to create a fact file.

#### Make

The Maya would spin thread and weave it into cloth. Use cardboard and string to set up your own loom and have a go at weaving using different coloured wool.

#### Design

The Maya created jewellery such as beaded necklaces, pendants, bracelets and earrings. They used bone, jaguar teeth, stones, feathers, and colourful shells. Where it was available, they used gold, silver, copper, jade and bronze. Beads often contain religious themes, geometric patterns, animals, flowers, and carved out faces. Have a go at designing your very own Mayan jewellery.
